Photography Policy

The safety of children is a priority for Curved House Kids Ltd. and therefore it is crucial that all staff and freelancers, and anyone working with Curved House Kids Ltd., respect the following guidelines pertaining to photographs of minors.

Photographs published by Curved House Kids Ltd. in any format must meet the following criteria:

- Children's surnames must not appear in the photograph captions. If a child is named, avoid using the photograph.
- Parent/guardian permission must be obtained for a child to be photographed and/or videoed.
- Images supplied to Curved House Kids Ltd. by schools must be accompanied by confirmation from the school that the permissions have been cleared. This must be in writing.
- Children must be wearing suitable clothing.
- Images must not be accompanied by information about specific children, including surnames, hobbies or interests, or addresses.
- Photographers working on behalf of Curved House Kids Ltd. and attending events at schools or other locations must adhere to the following terms:
 1. Obtain permission from the child to photograph them and/or use their image.
 2. Ask for the Photography Policy of the school or venue the event is taking place in.
 3. Do not photograph any children who have not had permission cleared. For example, at some events children wearing lanyards must not be photographed.
 4. Never photograph a child unsupervised.
 5. Never photograph a child outside of an event or at their home.

The school or club will need to ensure that parents, carers, family members and others understand the policy. Many schools and clubs also have an acceptable use policy for using photographs, which may include asking parents not to share photos on social media.
